

Frank Bowling

Here are some paintings by Frank Bowling. Frank experiments with different ways to put paint onto the canvas including splashing, spraying and dripping. He also uses found objects to stick onto his pictures and makes shapes using coloured chalk.

Look carefully at these paintings. What can you see in them? Which colours does he use? What shapes and found objects can you find?

Use your art kits to create a picture inspired by Frank Bowling. Try to use as many different things as you can to make your artwork!
