Dear Year 2,

I have been told to let you know the Tear Thief needs our help for us to cry precious quality tears. She is feeling extremely depressed.

Let me explain. Why do you cry when you hit someone? There are tears of rage, envy, self-pity and scared tears. But those are useless tears. Our moon will fade away.

I have been trying my best to tell you to cry when you need to. If the Tear Thief quits stealing tears our enjoyable neighbourhood will flood. So cry when you need to.
