

RSHE - 2020-21

We, like many other schools, have chosen to follow the Jigsaw scheme of work. However, we have changed or moved some units so that they are appropriate to our children and setting. Everything we teach uses age and developmentally appropriate language and resources.

All lessons start with a class charter, where children go over ground rules so that everyone feels safe. There is no pressure for children to share or speak if they don't want to, as long as they still participate in the learning.

Teachers have had training on how to deliver RSHE so that children always feel safe and listened to. A lot of what is taught is done through stories or scenarios so that it's distanced from the children and they can apply their discussions to someone else's situation.

This document outlines Jigsaw's overview and our updated overview beneath it.
