Executive Principal: Sian Davies • Headteacher: Lucy Blewett

Friday 31st March 2023

Dear Parents and Carers,

We have been given the excellent opportunity to provide **free Bikeability Training at Levels 1 and 2 to our children in year 5**. We may have additional spaces for some **year 6** children so please complete this, if you would like for them to be considered.

The date for Bikeability will be from **Monday 24th April to Friday 28th April** and will be **in school**. This safe, structured and standardised programme is designed to make your child a more competent cyclist and prepare them for cycling on the road.

All children must have basic riding ability (without stabilisers) and we encourage children to bring their own bikes in (though Hackney Council can supply a limited number for those who can't) as well as helmets (should parents / carers require this).

In order to secure your child's place on this course, please make sure you read the information attached and sign the consent form. Please see which Bikeability level your child is offered. Training will be carried out by Cycle Confident, the borough's cycle training provider, and will be delivered by 2 fully accredited National Standards cycling instructors with enhanced DBS checks.

Please complete and return the consent form that is attached as soon as you can.

Ms Martin
Deputy Headteacher

FAQs and Extra Information

The following information is provided by Cycle Confident and aims to answer any questions you may have.

- Bikeability is the nationally recognised cycle training programme.
- It's about acquiring the practical skills to cycle safely and with confidence on today's roads.
- For children to participate in school Bikeability training, they must have basic riding skills (without stabilisers). Free individual training may also be available for you and your child in your area and is a great way to get your child riding prior to the course commencing, so they can then participate. Check the Cycle Confident website at www.cycleconfident.com for details on our individual and family group training.

There are three Bikeability levels. (See above which level(s) your child's course is.)

1. Level 1 is designed to give your child control over his / her bike and takes place in groups in a space away from traffic such as a playground or closed car park.
2. Level 2 will ensure your child is prepared for short journeys such as cycling to school. Training takes place in small groups on quiet, local streets, giving trainees a real cycling experience.
3. Level 3 (not offered in primary schools) is recommended for older children and adults. Trainees are equipped with skills needed for more challenging roads and traffic situations. Training is delivered one-to-one or in groups of up to 3 so can be tailored to a trainee's individual needs. Route planning is also covered, making this ideal for getting advice on and then practising a school or work commute.

What does my child need to take part in Bikeability?

Crucially, your child needs to be able to commit to the full length of the course. If they miss a session, they may not be able to re-join the course since their cohort will have moved on.

In terms of equipment, your child will need a bike which is in a roadworthy condition, the right size for them, have pumped up tyres and two working brakes. Instructors will show children how to check their bikes at the start of the first session and will ensure that your child's bike is safe for training purposes.

BMX bikes are permitted in most circumstances so long as the bike has working brakes, and has not been adapted to the extent that it is no longer suitable for use on the road. The instructors will have the final say on whether your child's bike is safe for them to complete the training on but allowances will be made wherever possible.

What if my child does not have a bike?

Cycle Confident may be able to arrange for your child to borrow a bike for the training. Please check this with your school.

Can my child share their bike with a child who does not have one?

There is a provision on the consent form which you can tick if you are happy for another child to borrow your child's bike when his or her group is not in training.

What should my child wear to take part in Bikeability?

In most cases, your child may wear their normal school clothes, suitable for the season and weather. Excessively loose clothes may be hazardous and should be avoided. In colder months, warm layers and gloves are recommended. High visibility tabards will be provided by Cycle Confident.

Does my child need a cycle helmet?

Please see the consent form for more information on whether the borough stipulates that helmets are required for training. This is usually left up to parental discretion so if you do require your child to wear a helmet, please be sure to provide one or check with your school if they are available to borrow.

My child is not able to participate in Bikeability. Can he/she do it outside school time?

In many boroughs, Cycle Confident runs free holiday courses that cover the same outcomes as the Bikeability school courses. Children are welcome to join these whether or not they have done training at school. Check out the services the council offers on the Cycle Confident website www.cycleconfident.com

What will my child receive on completion of Bikeability training?

Children who successfully complete Bikeability training are awarded a badge and certificate.

My child didn't complete the Bikeability training. What happens now?

Your child will be given some feedback from their instructor on areas that need a bit more work. It is recommended that you discuss these with your child so that they can be clear on how they can improve their skills and confidence. You might be able to help your child practise these areas, or you might want to sign them up for further free training or holiday courses. Check out the Cycle Confident website www.cycleconfident.com for details.

My child has completed Level 2. What next?

Bikeability is the gateway to all kinds of fun experiences by bike – the training is just the start! If your child is interested in cycling and wants to do more, they might want to join a local cycling club for BMXing, mountain biking or racing. Ask your child's Bikeability instructor for advice on which groups are good for junior members and beginners. A great way to practise the Bikeability training your child has received is to try cycling as a family (family training sessions are also available through Cycle Confident), or let them cycle independently to school or the local shops.

Is there free cycle training available for adults?

Yes, most councils offer free individual or group training for adults and this can be a great way to understand better what your child has been taught and support them towards independent cycling. See the Cycle Confident website for details www.cycleconfident.com

Cycle Confident Schools Cycle Training Consent Form

School Name			
Rider Full Name		Age	
Class Name/ Year Group		Gender	
Eligible for pupil premium		Ethnicity	
Any special needs or medical conditions			

My child will bring a bicycle	YES	NO	
My child is willing to share his/her bicycle to enable a child who does not have one to take part in training	YES	NO	N/A

<p>Information on cycle helmets can be found here: https://drive.google.com/file/d/1-VEUJQCRldoCzaef5kwVFDt46YRyu30_6/view You MUST take the time to read this document.</p> <p>Are you providing a helmet for your child? Hackney Council & Government guidelines recommend that cyclists wear appropriate clothing and a correctly fitted helmet which conforms to EN1078 European standard and is in good condition. Wearing a helmet whilst cycling is not a legal requirement. If you wish your child to wear a helmet during the training you must provide a helmet. Hackney Council <u>will not provide a helmet</u></p>	Please tick one box below
I have no preference whether my child wears a helmet during training	
NO, my child does not need to wear a helmet. I am not providing a helmet for my child to wear during training. Hackney Council will not be held liable for the results of any injury which might have been prevented by the wearing of a helmet	
YES, my child needs to wear the helmet and I am providing a helmet to wear during training.	

TERMS AND CONDITIONS for School Cycle Training, BATB, BATBmini, any Led Rides or cycling activities under the school road safety engagement (please read carefully)

- I agree to my child taking part in cycle training.
- Level 1 training takes place in the school playground or another off-road site for riders who can physically control the bicycle.
- For Level 1&2 and L3 courses, whenever possible instructors will try to include riders who are not ready to continue onto the road, but the focus is on road training for riders who reach the required standard. They will be taken onto local roads for further training to develop skills and strategies for dealing with traffic.
- The instructor's decision is final with regards to whether children are ready to cycle on the road.
- I agree that the instructor(s) can adjust my child's bicycle if necessary.
- I agree that my child will conduct themselves in an appropriate manner and follow the directions of the instructor. I understand that the instructor may decline training for a child whose behaviour is disruptive or is considered to be putting themselves, other people or property at risk.
- I am responsible for my child being suitably dressed for cycling.
- If my child brings personal belongings to the course, they do so at their own risk.
- I understand that Cycle Confident Ltd is not responsible for any injury or loss or damage to any person or property not caused by an instructor's negligence.
- I understand I can visit <https://www.cycleconfident.com/legal/privacy/> to find out the data Cycle Confident collects, how the information is used and security measures in place.
- This consent form **MUST be signed by the child's parent or guardian**.

I have read, understood and agree to the Terms and Conditions above
