## Young Hackney Parents and Carers Session: Keeping Children Safe Online

Dear Parents and Carers,

Young Hackney will be leading two sessions all about keeping children safe online. They aim to work in an informed manner that assists in reinforcing children's health and learning both at home and at school to achieve better outcomes for pupils.

Both sessions will cover the same information. We hope you will be able to attend one of them.

### **Session Outline : Online safety**

Talking about the internet can be overwhelming, as there's constantly something new being released. This session aims to support you to start conversations about internet safety, how to utilise security settings and provides information and resources to support your child/children as they use the internet.

Session 1: **Online** twilight session

Thursday 16th November 6-7pm

Google Meets: <https://meet.google.com/skn-ukst-fcb>

Session 2: In-person session

Thursday 23rd November 8:45-9:45am

At school, in the Community Room

Yours sincerely,

Ms Martin  
Deputy Headteacher
