

THE SKINWALKER

by Anniyah

The Skin-Walker is a monster. If you end up near the woods you will never come back out alive. Without hesitation, he will kill you and also steal your voice. He will try and lead you to him and... I don't know if you want to hear the rest.

There was an incident probably about 7 years ago. There were little kids playing a ball game (maybe about five kids.)

The ball fell in the woods, one of the five kids (his name was Dan)

Got the ball deep down in the woods.

The four kids hear Dan scream and what they saw was not normal; they say his eyes were as dark as his soul.

THE DAY IT STARTED

CHAPTER 2

Since then we never know what happened to that little kid.

People say they can still hear his scream.

One day some-one went to the woods (were the boy kid had been missing) to go camping because he likes camping his name was also Dan (Short for da

To. just to let you know he's never scared. It turned night fast (because it was the cold months,

He heard a scream, he thought he was half awake but he wasn't. He came out of his camp, it seemed like the screaming was getting louder and closer. Behind the tree he saw an long slender man, his jacket was as long and black and his eyes were as big as a button.

He ran back in his camp locked the door he looked out his window and he saw an long smile, ear to ear, he stumbles back and fell backwards.

He saw an an.....SKINWALKER.

I NEED HELP

CHAPTER 3

He woke up, and he felt un-easy, he was walking side to side like he was dizzy, he knocked things over.

When he reached the door he grabbed the door knob, it was LOOKED.

That's when he really woke up, now he ran to his bag to look for his phone (by the way you can only lock the door from the out-side.)

He called 999 and all his phone keeps on saying "no signal", he started to get worried. Then he remembered he got paper in his bag, and he wrote on it:

Dear people,

If you see this I need some help, i am stuck in this camp and i need some food i am soon going to faint

From Daniel.

THE KNOCK

CHAPTER 4

It turned night, it was freezing he had no heater. It was cold like you was in a heater. Heard a knock on the door, he jumped up there goes the knock again.

He walked to the door, then turned the door knob and he stopped for a moment, and he remembered before the door was looked then he turned the knob again, and he opened the door. And he saw this long figure, he was like an animal screaming, it ate his body piece by piece.

Sadly, the police came and interviewed the crime scene.

MY HUSBAND!

CHAPTER 5

The wife of Daniel got a voice call from the police.

And the police officer said "If this is Mrs Green, you may have to sit down for this, your husband has sadly passed away in a locked cabin but we still don't know who it was but we're still looking for him have a good night good bye" the woman was shocked, she realised that her husband was gone. She got ready and got in the car where her husband has been deceased, when she made it to the woods all she saw was yellow tape, blood slithering like a snake and loads of police officers walking around like zombies. She felt drops of rain come down her face she fell on her knees and cried out loud "My husband!" A police officer came up to her and said "It's going to be fine" said the policeman "it's my husband he's gone how are your kids going to act like we are all going to miss him" cried out the woman. "Look let's drive you home Mrs Green." The officer drove her home safely Mrs Green went to sleep so did her kids.

NEVER FORGET CHAPTER 6

Few weeks later, they had his Funeral. They forgot about Daniel but they still remembered him. They will never know who killed him but never the family will forget about who or the creature that killed him, and remember to be careful about the SKINWALKER....
