Young Hackney Parents and Carers Session: Keeping Children Safe Online Thursday 8th February 2024

Dear Parents and Carers,

Young Hackney will be leading a session all about **keeping children safe online**. They aim to work in an informed manner that assists in reinforcing children's health and learning both at home and at school to achieve better outcomes for pupils.

We strongly recommend attending, as they will identify online challenges and how to support our pupils.

Session Outline : Online safety

Talking about the internet can be overwhelming, as there's constantly something new being released. This session aims to support you to start conversations about internet safety, how to utilise security settings and provides information and resources to support your child/children as they use the internet.

Online Twilight Session

Thursday 8th February 6-7pm

Google Meets: <https://meet.google.com/whk-xqjd-sma?hs=224>

We will also post the link onto ClassDojo.

Yours sincerely,

Ms Martin
Deputy Headteacher
