### **Enrichment at St Matthias**

These **enrichment opportunities** are provided to our children throughout the school day and over the course of each academic year. These opportunities have been carefully selected, in response to the needs of our children and the different cohorts of children that we have so that they flourish.

In some cases, an alternative trip will be arranged than the ones below.

### **Years 1-6**

Minimum 1 trip a half term

1 x art & music - once per key stage

R.E. every class will have a visit to St Matthias church and speak, Father David, or he will come to class - based on one of their units on Christianity

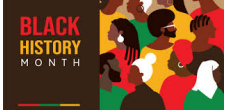

R.E every class will visit another place of worship

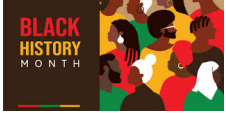

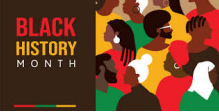

St Matthias is on a journey as a school to become more sustainable. We have developed our curriculum and carefully considered how we can teach children about sustainability and courageous advocates of sustainability.

### Extra-curricular at St Matthias

These **extra-curricular opportunities** are provided to our children which match the needs of the whole school community. We listen to pupil voice at the end of the year to reflect on what we offer for the next academic year, so that our children are provided with opportunities that they feel will help them flourish.
